Watch Your Grain

A lot of the grain on farms may have to stay there for some time. With this in mind it is important to check it regularly for any signs of heating or insect damage. If roasts have any holes they should be repaired to prevent moisture from entering. A careful visual inspection for signs of insects, particularly around walls and corners, should be made. At the same time a check for signs of heating can be made by using an iron rod. If heating or insects should show up it may be necessary to move the grain or even to fumigate it.

Investigations have shown that the use of Alfalfa along with grasses greatly increase both the yield and the feed value of both hay and pasture. This is an important matter to anyone raising stock. If carrying capacity of land can be increased it leads to greater net profit for the farmer. Late fall seeding of forage crops has given good results in this area but even if you intend to seed next spring make sure of your seed supply.

Fall Sheep Sales

Calgary fall sale is October 15 to 19 and the Edmonton Sale is October 22 to 26. There is expected to be a large entry of good quality rams. The sheep improvement policy will apply at these sales so that anyone wanting to get a ram may have it bought for him at cost and the shipping charges paid for him. Application forms are available at my office.

What About The Royal Winter Fair

This biggest agricultural show in the world is certainly worth a week of any farmer's time. The railways are again giving cheap rates for the trip. See your local agent about arrangements.

Northern Nuggets

Mr. and Mrs. V. Johnson and boys of Wetaskiwin spent the Thanksgiving week-end with her parents, Mr. and Mrs. Eric Prior.

Mr. Jack Dubas came home from Edmonton for the holiday week-end.

Mr. and Mrs. C. Ambler received a big surprise on Saturday evening when Mr. and Mrs. Dell Smith, Bonny and Clarkson and Mr. Frank Valerie arrived unexpectedly by car from Vancouver. They left Sunday evening for their return trip to their home at the coast.

Miss Marj. Coulman of Edmonton is enjoying a week's holiday at the Coulman farm.

Mr. and Mrs. Allen Cox, Pat and Lynne were week-end visitors at the Currie farm.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

If we receive the witness of men, the witness of God is greater for this is the witness of God which he hath testified of his Son.

He that believeth on the Son of God hath the witness in himself: he that believeth not God hath made him a liar; because he believeth not the record that God gave of his Son.

And this is the record that God hath given to us eternal life, and this life is in his Son. He that hath the Son hath life; and he that hath not the Son of God hath not life. These things have I written unto you, that ye believe on the name of the Son of God; that ye may know that ye have eternal life, and that ye may believe on the name of the Son of God.

1 John 5:9-13.

GUEST SPEAKER AT ALLIANCE CHURCH MONDAY EVENING

On Monday evening at 8 p.m. there will be a special missionary service in the Irma Alliance church. Rev. Garth Hunt, former pastor of the Winborne Alliance church will be guest speaker.

Rev. Hunt is sailing in the early part of December for Diets-Nam, French Indo China, where he and his wife are undertaking foreign mission service.

Formerly of Pembroke, Ont., Rev. Hunt was a well known athlete in the East, and following his conversion turned down an offer from the Detroit Red Wings in order to enter the ministry. He is a warm speaker and has travelled in evangelized work both for the Canadian Alliance College where he trained and for Youth For Christ.

The public is given a cordial invitation to hear this consecrated young man.

Southern Sayings

Mr. and Mrs. Lawrence Johnston and family of Edmonton are spending their holidays at the home of Mr. and Mrs. S. C. Johnston.

Mr. and Mrs. Albert Jackson and Shelley are holidaying at their respective homes. While here, Albert is running the threshing out fit for a part time.

While playing in her sand pile Donna Hill met with a nasty accident. She was filling a bottle with sand and broke it, cutting her hand quite badly. Fourteen stitches were required to close the wound.

The next W.I. meeting will be held at Mrs. J. Jackson's Oct. 18. Hostesses, Mrs. Johnston and Mrs. Jackson. Roll Call, Exchange of a small jar of pickles. Raffle, Mrs. Funk.

Mrs. Art. Mr. Scotty Matthews, Mrs. M. Alfred returned to Taber last Saturday, returning home on Monday, Mrs. A. Long who had spent the past month at Taber, visiting with her daughter, returned home with the menfolk while Marion stayed down there for a few weeks with Mark.

Card of Thanks

I would like to thank my kind friends for the lovely cards, visits and phone calls I received while I was in hospital. Also, thanks to the Strawberry Plains W.I. for the fruit. It was all greatly appreciated.

Mrs. W. Bacon.

Home Economist Newsnotes

Your District Home Economist, Edna M. Craig.

HELLO HOMEMAKER:

With Thanksgiving over, it is time to take stock of the summer just past and prepare for the winter season.

Did you, perhaps, grow a larger than usual number of squash this year? Perhaps you are wondering what to do with it. It can be a tasty and welcome addition to fall and winter meals. A simple way to prepare squash is to cut the squash in half, rub with brown sugar or honey, lay one or two strips of bacon over each half. Bake slowly until light brown and tender. Or if your family prefers it, season with salt and pepper, dot with butter and bake. Try placing the squash in a par and adding a small amount of water.

To freeze squash: pick those that are mature with a dry pulp. Cut, remove the seeds. Steam or bake the squash, chill and remove the rind. Mash it and dry pack it. Be sure to leave a head-space. Freeze.

When reheating the squash, place in a double boiler and heat. It has already been cooked. Pumpkin can be frozen in exactly the same way. Use either pumpkin or squash in making pies. If you use squash make it exactly as for pumpkin pie. It tastes just like it.

Pressing Trousers and Skirts: This is quite a change from the subject of squash, but is timely topic nevertheless.

To take the shine off trousers and skirts, here's a trick. Put 2 tablespoons of vinegar and 1 teaspoon epsom salts into 4 cups hot water. Wring out the pressing cloth in this solution.

In extreme cases rub gently with fine sandpaper to restore the nap.

Glen-Coa Gleanings

The holiday week-end brought visitors to our midst once again. The Clayton family of Edmonton were guests of Mr. and Mrs. Geo. Pedel.

Mr. Willard Shaw of Edmonton was a visitor at the Satre home.

Mr. Gordon Ratters of Edmonton spent the week-end with Beling Nilson.

Mr. Sigmund Gulbraa was home too, from Edmonton where he has employment.

Misses Evelyn Erickson and Avis Satre spent the holiday at their respective homes here.

Mr. Sigurd Fluevog of Vancouver visited with relatives and friends here last week, leaving by plane on Saturday from Edmonton.

Mrs. M. Fuder of Wainwright is giving a hand at the L. Satre home during the busy harvest season.

At present the weather is ideal and everyone is doing his utmost to complete the harvest operations as soon as possible.

METROPOLITAN NEWS

Congratulations go to Marjorie Ravluk of the Metropolitan district who is the recipient of one of the eight Dr. Kirby Memorial scholarships given by the HSA to the grade 9 pupils obtaining the highest standing from schools of not more than two teachers.

The service of Harvest Festival, was celebrated at St. George's Mission, Metropolitan, on Sunday last. The school was very effectively decorated for the occasion and the quantity and quality of the various vegetables showed the bounteousness of the harvest of the gardens. To add to the enjoyment of the service the choir from St. Thomas Church, Wainwright, was in attendance and the sermon was preached by the Rural Dean, Canon V. Cole of Tofield. After the service the choir and clergy adjourned to the home of Mr. and Mrs. G. Comley where Mrs. Kirkus, assisted by Mrs. Kirkus, served tea to the visitors.

Many Pay Final Tribute To Sivert Nilson

On September 28, 1956, Sivert Kristoffer Nilson passed away at the University hospital after an illness of a few months.

He was born December 5, 1902 at Fluevog, Norway. In 1928, he was united in marriage to Lina Skaret, and the young couple left in June of that year for Canada. They came directly to Irma to Fluevog where they were relatives. They soon had a farm of their own south of Irma where they have resided ever since.

He leaves to mourn his loss, his loving wife Lina, one son Erling and one daughter Lilly (Mrs. Ralph Erickson), one sister Bertha and a brother Peder, and two brothers Nils and Alfred in Norway, also two grandchildren.

The Rev. L. Knudson conducted the funeral service at Sharon Lutheran on October 2 assisted by the Rev. J. S. Stolee of Bawlf and Dr. Egedahl of Sedgewick.

Services were as follows: Hymn, "Under His Wings I'm Safely Abiding." Scripture reading and prayer by Rev. Knudson, male quartette, "Abide With Me."

Rev. J. S. Stolee spoke on behalf of the Bethany Sunset Home and Camrose Lutheran College boards of which Sivert Nilson was a member. Solo "The White Robed Flock" in Norwegian by Rolf Jacobson. Dr. Egedahl brought a comforting message from Luke 7:13 in Norwegian. Hymn, "How Gladly I My Place Have Taken." Then Rev. L. Knudson delivered a very comforting message to the bereaved from Psalm 116:15: "Blessed in the Light of the Lord is the death of His Saints."

Interment took place at the church cemetery. The pallbearers were Messrs. Geo. Pedel, Marvin Ratten, Jack Halvorsen, Fred Knudson, Ludvig Satre and Oscar Likkness.

FIRE PREVENTION WEEK—October 7-13, 1956

CANADA HAS HIGHEST FIRE LOSS

By proclamation, Governor General Vincent Massey has designated October 7-13 as Fire Prevention Week. It is, as His Excellency points out, an imperative reminder of the increasing need for the control of fire and its hazards.

In the last ten years, the proclamation states, fires in Canada have taken a toll of 4,856 lives and have seriously injured 16,000 persons. The financial loss of 623,223 fires in the decade has been \$800,000,000.

No less shocking is the picture of Canada's fire loss position in relation to other civilized nations. The latest available comparative international record of per capita fire losses, according to the office of the Dominion Fire Commissioner:

1. Canada \$5.96; 2. U.S.A. \$4.56; 3. Norway \$2.44; 4. Denmark \$2.34; 5. Switzerland \$1.70; 6. U.K. \$1.10; 7. France \$1.06; 8. West Germany \$0.94; 9. Ireland \$0.83; 10. Austria \$0.71; 11. Netherlands \$0.67; 12. Puerto Rico \$0.48; 13. Italy \$0.32.

This was the unenviable record published in 1952 by a UN committee. Unfortunately, as the Joint Fire Prevention Committee of the Association of Canadian Fire Marshals and the Canadian Association of Fire Chiefs points out, Canada's record is worsening.

Figures for 1955 show our per capita loss to be \$7.60. Alarmed by the situation, the two great associations of the nation's firefighters (representing the provincial and municipal fire services) last year joined hands to establish the joint committee. Its members serve voluntarily and its simple purpose is to render public service by assisting in bringing to the attention of citizens the story of fire prevention and control, particularly during Fire Prevention Week.

Because most fires—and most deaths—are the result of human carelessness, public education is deemed the most effective way of combating the menace, especially in the home, where most deaths tragically involve women and children—lives that might have been spared had the simplest rules of safety been followed.

Bringing the story directly to the public is the great army of Canada's 25,000 firefighters—professional and volunteer—the men who, night and day, must stand ready to face the tragedy of fire.

The banner they bear reads: DON'T GIVE FIRE A PLACE TO START.

And, giving utterance to the helpless children and women and all who innocently suffer: DON'T LEAVE US ALONE WITH THE HAZARDS OF FIRE.

In the main, the hazards are carelessness and thoughtlessness. Who, for instance, striking a match, stops to think that it may destroy a whole community? Or who, inserting a 30-ampere fuse into an over-worked electrical circuit, considers that a family may be wiped out? ... Of such can be the terrible price of somebody's carelessness.

That the battle of public education can, surely if slowly, prevail, is the belief of the firefighters and the many organizations and services which contribute unstintingly to the cause—this newspaper among them.

Traditionally Fire Prevention Week is the full calendar week including October 9, anniversary of the Great Chicago Fire of 1871. It is observed at the same time in Canada and the United States by proclamation of the Governor General of Canada and by the President of the United States. This year, further in commemoration of its observance, the Canadian Post Office Department will, during the week (October 9) issue its first special Fire Prevention Stamp.

The 5-cent stamp is in two colors, black and red. It was first suggested by the Association of Canadian Fire Marshals—representing the fire authority of each of the ten provinces—with the support of the Canadian Association of Fire Chiefs, and other fire service organizations.

As the Postmaster General, Hon. Hugues Lapointe, said in announcing the issue, it will "emphasize the importance of reducing the needless waste caused by preventable fires."

News Report From Edmonton

By Ken Mason

EDMONTON—The government has chosen Nov. 15 as the date for a provincial by-election in the eastern Alberta riding of Stettler.

Members of the cabinet decided on the date about Tuesday of last week, and an order-in-council was passed. But as is secret material, the order remained hidden away and unsigned until Friday when Ray Crevelin, clerk of the legislature, made the announcement.

The pending by-election hasn't caused a great deal of political interest, except that it will be the first vote in the province since the last session of the house when the government tossed out the complicated transferable ballot system and replaced it with the simple "X" ballot.

"TIDE RIPS"

By Jim Brahan

Ingenuity and a high sense of humor seem to be born into the men who follow the sea for their livelihood.

Take the case of the Canadian sailor, during the Second World War, who hunkered the Halifax City Police for a couple of days into believing him to be an Eskimo.

The sailor had overstayed his leave, and knew it was only a matter of time until he would be picked up by the Naval Shore Patrol. To give the patrolmen a good run for their money he doled himself up like an Eskimo, including the sealskin jacket and high topped moccasins, and ventured out onto the Halifax streets.

However, before he met any naval panderms he was picked up by the Halifax police for some minor misdemeanor, and held in custody until he could appear in court the following morning.

A friend, who was with the first vote in the province since the last session of the house when the government tossed out the complicated transferable ballot system and replaced it with the simple "X" ballot.

AVERAGE COST OF ELECTRIC POWER TO PRAIRIE FARMERS Is Today, Less Than One-Third What It Was In 1935-39 This Didn't "Just Happen"

On The Other Hand..

The latest Dominion Bureau of Statistics index number of commodities and services used by prairie farmers means that the \$1.40 initial payment for No. 1 Northern wheat at Fort William is worth only 63½ cents in 1935-39 dollars. At the average country elevator point it is worth approximately 55 cents a bushel on the same basis.

*Farmer's Cost of Production 100 219.4
In other words, it now costs prairie farmers \$2.19 to buy what \$1.00 would buy in 1935-39.
*Dominion Bureau of Statistics Index Numbers of Commodities and Services Used by prairie farmers.

Alberta's Electric Utility Companies are proud of the fact that, on the average electric service today costs the Alberta farmer less than one-third of the cost in 1935-39. This didn't "just happen"! It took planning, efficiency and co-operation from the farmers.

YOU Are Asked to Observe FIRE PREVENTION WEEK OCTOBER 7-13 And Every Day Thereafter

The carelessness and indifference of people is the cause of fires in the home, place of work and in our forests. The many deaths resulting from fires can be attributed to this neglect. "DON'T GIVE FIRES A PLACE TO START" is good advice and a habit to acquire. Your Fire Department is conscientious in their endeavor to hold predatory fires in abeyance through inspection service, but they can't do it alone. THEY NEED YOUR HELP to prevent fires!

- A careless smoker is a menace.
- Faulty electric wiring and overloaded circuits are dangerous.
- Fires are caused by defective chimneys, furnaces, pipes and cooking equipment.
- Spontaneous ignition can be caused by oily rags, paint and rubbish.
- The careless use of kerosene and other inflammable liquids can result in death.
- Leaving children within reach of matches and electric and gas switches can have serious consequences.
- Put your campfire out and don't light brush without proper care.

Use your common sense. KNOW AND ACT ON THESE THINGS. Fire is not a chance occurrence but a bad error!

INFESTATION IN STORED GRAIN

During the past few years, farmers have been forced to use many types of temporary storage which, from the standpoint of possible insect infestation, are often far from satisfactory. Certain precautions can be taken, however, which will reduce possible infestation to a minimum. These include the thorough cleaning out of all storage premises, provision for adequate ventilation, care to see that tough and damp areas are not likely to develop because of leaking walls or roofs, and lastly the storing of the grain in as dry and as clean a condition as possible.

FALL RALLY OF ST. PAUL PRESBYTERY W.A.

The Minburn W.A. were hosts at the United Church when 72 ladies met there for their 1956 Fall Rally on September 28.

Rev. Morgan of Ashmont extended greetings.

Mrs. T. Davis of Vermilion, president of the St. Paul Presbytery W.A., ably conducted the meeting.

Mrs. C. W. Davis of Wainwright led devotions and Mrs. Dyer, President of the Alberta Conference gave a very interesting talk.

The highlight of the meeting was the message which Miss B. Wilson, Executive Secretary of

the Dominion Council of the W.A. brought to the gathering. A hearty vote of thanks was extended to the Minburn W.A. for their hospitality and their delicious dinner and lunch.

Alfred Orcheski is a patient at the Viking hospital.

Mr. K. Sonett, J. Sonett and three companions came down from the city to do a bit of hunting over the Thanksgiving week-end.

Norine Skori was home over the holiday week-end.

G. Mathew visited with his mother and sister at Lethbridge the first of the week.

Mr. and Mrs. A. Wolda and family recently spent a few days at the Jamieson home.
